

A Bible Reading Guide S.O.A.P.

Getting Started

- Identify a consistent time and place to meet with God.
- Turn off all distractions to focus on your time with God.
- Using a bible reading plan greatly assists your passage selection.

SCRIPTURE

- Read the entire passage of the scripture as per your plan.
- Pick one/few verse/s from the passage that speaks to you.
- Write that verse at the top of the page for the note making.

OBSERVATION

- Observe what the verse says. Think about who it was addressed to and why it was written. Ponder its meaning, tone and purpose.
- Take several moments to meditate on it and let it soak into your heart.
- Write down your observations in a paragraph or few sentences in your journal.

APPLICATION

- Write out how you plan to put into practice the lesson from what you have read?
- How will you be different today as a result of what you've just read? How does this verse apply to me?

PRAYER

- Write down your prayers to God based on your reading.
- Ask him to help you and thank him for his word.

At the end give it a Title on the top.

This plan calls for reading all the books of the Bible in canonical order in one year. There are 7 "catch-up" days scattered throughout the calendar.
